

PRESS RELEASE!

News Release

March 2011

The Letting Store is getting better & better!!

Six months after launching we're delighted to report that The Letting Store is helping many of our Landlord Clients find good quality Tenants very quickly therefore ensuring that we minimize any periods of 'nil' rental income. In addition to this we're offering much reduced fees to anyone taking advantage of our full management option, a popular service designed to give the Landlord time to do what they want while we do most of the work.

With the addition of a very experienced 'Lettings' Manager to the team, access to Rightmove, Tenant Databases, Newspaper advertising and our own widely promoted website, we give all our Customers the best chance in a competitive market. We're never complacent and that's why in a market where consistent service seems to be lacking, The Letting Store is getting better & better!

We have a range of services available to our Customers and would be delighted to see how we may be able to help you. Whether you're considering renting out your first property or already have a number of properties within your portfolio we can tailor a level of service to assist in your objectives.

Remember the reason we set up The Letting Store was to ensure that good service at a competitive price prevailed and we're happy to say that this is still very much the case; the difference now is that we can prove it!

We would be pleased to talk through our service to anyone that may be considering a change of lettings management provider or may be fed up with managing their investment property or properties themselves.

The Letting Store can offer 'find a tenant only', full management or just tenant referencing services if required so if you'd like to talk your requirements through with a Lettings Adviser....

Please call us on **0845 5044800** or **07585 955688** and see if we can help, we'd love to if we can!

We look forward to hearing from you.
